Mike George
Jefferson RWD 9
PO Box 135
Oskaloosa, KS 66066

Dear Mike;

The Kansas Rural Water Association typically provides follow-up documentation on many of the tech assistance calls the Association does. This is a follow up letter to our conversation of May 1, 2009.

As always it was a pleasure visiting with you. I will be glad to assist you in doing your draw down on your wells. If you need any other assistance, please let me know.

I am pleased to know that you intend to register for the "Chlorination and Disinfection; Compliance with Ground Water Rule" training session that will be held in Lawrence on May 20. Kelly Kelsey with KDHE, Topeka, will present on the Ground Water Rule. KRWA consultant Pat McCool will discuss chlorination and disinfection. This will be a very informational session. Bring your questions.

Thanks again for your time. Please call if you have any questions. Also visit KRWA's website www.krwa.net for news, other training opportunities and KRWA Programs.

Sincerely,

Gary Armentrout
Circuit Rider
