Dear Fred,

It was a pleasure to meet with you several days ago and to allow me to introduce myself on behalf of Kansas Rural Water Association and the USDA Rural Development to discuss USDA Rural Development's funding options available to the district. Projects to include upgrades to the distribution system or a new pump station building would be eligible.

The district may also be interested in attending the upcoming Annual Conference & Exhibition at Century II in Wichita, March 30 – April 1. Agencies will be present to discuss projects and funding at length. Also visit the KRWA website, www.krwa.net for news and information concerning water and wastewater utilities, upcoming training opportunities and other KRWA programs.

Sincerely,

Gary Armentrout
