Re: Funding issues

Dear Brenda;

This letter is a follow up to my visit on February 16 as I met with you and Larry Kathrens, board member, to discuss available funding options for Jackson RWD 3 and Public Wholesale Water Supply District 18. On behalf of Kansas Rural Water Association and USDA Rural Development, I appreciate the opportunity to meet with you.

We discussed at length the filtration system for PWWSD 18 and the need for upgrades. I have verified with USDA Rural Development Specialist Dan Fischer, Manhattan office, that funding would be available, however a feasibility study will need to be completed. I appreciate the opportunity to have attended the February 22 annual meetings for PWWSD 18 and Jackson RWD 3.

I hope that the districts are also planning to attend the upcoming annual conference at the Century II Convention Center in Wichita, March 30 – April 1. Agencies will be present to discuss projects and funding at length.

Please feel free to contact Kansas Rural Water Association or me if we can be of other assistance. Also, visit the KRWA website www.krwa.net for news and information concerning water and wastewater utilities, training opportunities and other KRWA programs.

Again, thanks for opportunity to meet with all of you.

Respectfully,

Rita Clary
Technical Assistant

C: David Allen, Chairman
Larry Kathrens, Director
Dan Fischer, USDA Rural Development
