Dear Dennis,

Kansas Rural Water Association typically provides follow-up documentation on many of the tech assistance calls the Association does. This is a follow up letter to our conversation and assistance of February 23, 2010.

I would like to thank you for allowing me the opportunity to assist the city in the completion of its Water Use Report for 2009. It was a pleasure to provide this assistance. Let us know if anyone at KRWA can be of any future help.

Again, thank you for the opportunity to provide this assistance to the city.

The city may also be interested in attending the upcoming annual conference at Century II in Wichita, March 30 – April 1. There will be agencies present to discuss projects and funding at length for the projects that the city is planning. Also visit the KRWA website, www.krwa.net for news and information concerning water and wastewater utilities, upcoming training opportunities and other KRWA programs.

Sincerely,

Gary Armentrout
