Dear Tim,

Kansas Rural Water Association typically provides follow-up documentation on many of the tech assistance calls the Association does. This is a follow up letter to our conversation and assistance of February 22, 2010.

I would like to thank you for allowing me the opportunity to assist the city in the completion of its Water Use Report for 2009. Please let contact KRWA if anyone can be of any further help.

Again, thank you for the opportunity to provide this assistance to the city.

The city may also be interested in attending the upcoming annual conference at Century II in Wichita, March 30 – April 1. There will be agencies present to discuss projects and funding at length for projects the city may be planning. Also visit the KRWA website, www.krwa.net for news and information concerning water and wastewater utilities, upcoming training opportunities and other KRWA programs.

Sincerely,

Gary Armentrout
