July 19, 2010

Craig Mintz
City of Humboldt
701 Bridge Street, PO Box 228
Humboldt, KS 66748

Dear Craig,

As requested, I assisted you with I&I problems on July 15, 2010.

We had intended on smoke testing, but it rained the night before; this is second postponement due to rain. We were able to narrow the areas we need to smoke test by checking manholes for signs of surcharge. This information will save us some time when we are able to actually smoke test.

KRWA is hosting a training session for wastewater stabilization ponds in Iola on August 24 and we could reschedule the smoke testing for the 25th if that would fit your schedule. Please advise me if this date works for your system. School may be in session by that date and if they are located in the area we are smoke testing you should notify them of the smoke testing. You can reply to me via email at Charlie@krwa.net or call me by cell at 785.799.6105.

Please call if you have any other questions. KRWA appreciates the opportunity to provide assistance to the city.

Sincerely,

Charlie Schwindamann
Wastewater Tech
