

FUN & PHILOSOPHY

Whenever you find yourself on the side of the majority, it is time to pause and reflect.

– *Mark Twain*

The most courageous act is still to think for yourself. Aloud.

– *Coco Chanel*

Insanity: doing the same thing over and over again and expecting different results.

– *Albert Einstein*

Not how long, but how well you have lived is the main thing.

– *Seneca*

The weak can never forgive. Forgiveness is the attribute of the strong.

– *Mahatma Gandhi*

Imperfection is beauty, madness is genius and it's better to be absolutely ridiculous than absolutely boring.

– *Marilyn Monroe*

Social media has colonized what was once a sacred space occupied by emptiness: the space reserved for thought and creativity.

– *Mahershala Ali*

If only God would give me some clear sign! Like making a large deposit in my name in a Swiss bank.

– *Woody Allen*

Here is a lesson in creative writing. First rule: Do not use semicolons. They are transvestite hermaphrodites representing absolutely nothing. All they do is show you've been to college.

– *Kurt Vonnegut, Jr.*

The elevation of appearance over substance, of celebrity over character, of short term gains over lasting achievement displays a poverty of ambition. It distracts you from what's truly important.

– *Barack Obama*

The weirder you are going to behave, the more normal you should look. It works in reverse, too. When I see a kid with three or four rings in his nose, I know there is absolutely nothing extraordinary about that person.

– *P. J. O'Rourke*

There is no greater joy nor greater reward than to make a fundamental difference in someone's life.

– *Sister Mary Rose McGeady*

Cartoon by Linda Windler.

Consistency requires you to be as ignorant today as you were a year ago.

– *Bernard Berenson*

Millions long for immortality who don't know what to do with themselves on a rainy Sunday afternoon.

– *Susan Ertz*

Experience is that marvelous thing that enables you to recognize a mistake when you make it again.

– *Franklin P. Jones*

The thing to remember is that that the future comes one day at a time.

– *Dean Acheson*

For in the final analysis, our most basic common link, is that we all inhabit this small planet, we all breathe the same air, we all cherish our children's futures, and we are all mortal.

– *John F. Kennedy*

Humor has become so cliché and boring that nothing's funny anymore unless it involves something totally disgusting that offends somebody or makes them feel really uncomfortable.

– *Tom DeLonge*

Social media websites are no longer performing an envisaged function of creating a positive communication link among friends, family and professionals. It is a veritable battleground, where insults fly from the human quiver, damaging lives, destroying self-esteem and a person's sense of self-worth.
